## 1 Introduction

## 2 Numbering

## 3 Definition and Boxes

- Complicated, elegant templates
- Viewers can see the progress of the presentation
- Nice boxes for theorems, definitions, etc.
- With extra options and goodness comes complication

## 1 Introduction

## 2 Numbering

## 3 Definition and Boxes

- 1 This is point one
- 2 This is point two
- 3 This is point three
- 4 This is point four

## 1 Introduction

## 2 Numbering

## 3 Definition and Boxes

## Definition

Manufacturing resource planning is defined as a method for the effective planning of all resources of a manufacturing company.

## Block title

This is an example block text.
